

National Bioscience Educators Conference

2010

Biotechnology

- Agriculture
- Careers
- Space
- Genomics
- Epidemiology
- Integration of Technology
- Infectious disease
- Functional foods
- Bio diagnostics
- Microarrays
- Development of Endostatin
- Video gaming

Wrap-up

Ideas that you can use

Connections that you can continue

Conversations that you can build on

Video feed and power points will be available through the Bioscience Education Canada website and you will be sent your access via email.

www.bioscienceeducation.ca

Bioscience Education Canada, Life Sciences Red River College and Mindset would like to thank

- Council of Biotechnology Information
- BIOTECCanada
- Monsanto
- Cangene Corporation
- Genome Prairie
- Ontario Genomics Institute
- Microsoft Canada
- Gowlings, Lafleur and Henderson
- Manitoba Innovation, Energy and Mines
- Borden Ladner Gervais LLP
- GameOn Manitoba

Bioscience Education Canada, Life Sciences Red River College and Mindset would like to thank

- CancerCare
- Youth Biomedical Program
- Composites Innovation Centre
- Faculty of Medicine, University of Manitoba
- Biomedical Engineering Group, University of Manitoba
- National Research Council, Institute of Biodiagnostics
- Richardson Centre for Functional Foods and Nutraceuticals
- Life Science Association of Manitoba
- Animal Hospital of Manitoba
- Agrianalytical
- Pharmaceutical Manufacturing, Red River College

Thank you to the conference committee

Jonathon Frate

Lucy St. Lawrence

Kirk Brandt

Bob Adamson

John Murray

Bob Brown

Norm Lee

Lastly but not least

Thank you to you as participants.

Conferences are only successful when the attendees participate fully.
